How To Conquer Anger

An outburst of anger leaves us feeling drained and ashamed. Even when we believe we have a right to get mad, we know inside we are a lesser person every time we lose our temper.

A resolution not to do so again isn't enough. We need to condition ourselves by taking certain practical and spiritual steps to control anger. Here are a few suggestions.

- Remember that anger is a hot emotion. Cool it before it breaks loose. As emotion rises, send cooling thoughts through your mind. Focus on cool places you like to visit.
- Uncontrolled anger requires a loud or intense voice. Keep your volume low. Nobody can get very mad in a whisper.
- Don't let your body assume a fighting stance. Keep your hands from clenching. Anger is hard to express if you slump in a chair, harder yet if you lie down.
- If you feel rage coming on and think that counting to ten is silly, say the first ten words of the Lord's Prayer: "Our Father, Who art in Heaven, hallowed be Thy name." Continue through this prayer. Or just repeat the words, "With God's help, I'll skip it."

Anger is usually the accumulated vehemence resulting from a lot of minor irritations. To get at the root of anger, make a list of all the little things that irritate you, no matter how inconsequential or silly they may seem. Through applied faith and prayer, gain a victory over each of these irritations one at a time. The idea in doing so is to dry up the tiny rivulets that feed the great river of uncontrolled anger. Make this drying-up process a day-by-day spiritual exercise, and in time you will have control over anger.

ANTERIOR, POSTERIOR, LATERAL

Barrie Bryant

A most astonishing and edifying experience occurred to me this week. I was invited to attend a meeting at one of our state colleges in their Psychiatric clinic. The purpose was to start a counselling clinic for homosexuals. A very wonderful thing. The college involved is one of the most knowledgeable and advanced institutions in the area of homosexuality in the world.

Present were most erudite and sincere people. Some of them had made special studies of the homosexual. The important, most important, point was that here were a group of learned, sympathetic, heterosexuals reaching out to the homophile community in sympathy and SINCERELY wanting to help us.

20 minutes into the conference I was shocked to come to the amazing realization that these wonderful, sophisticated, sincere and sympathetic gentlemen knew absolutely NOTHING about homosexuals. There was ONE notable exception and you shall hear more about him and his equally understanding wife in a future column. (I consider him to be the world's foremost, heterosexual, authority on homosexuality). I'm a fraid this astonishing fact floored me to the point of being all but useless for the one and one half hour meeting.

I find myself in the embarrassing position of admitting I have been laboring under a delusion for many years! What I had thought was a complete understanding of homosexuals was an understanding of me (if that's possible) because the heterosexuals I had been talking to were co workers!

We DO have a job cut out for us. The job of educating the general public and believe me THAT is NOT going to be easy if professionals that have made a special study of homosexuality do not really understand us.

One of the reasons is the only contact anyone has had with the homosexual world is that top of the ice berg I am always talking about of the misfits. The ill and the unfortunate obvious radicals.

No one, laymen or professional has had contact with or dreamed of the vast group of well adjusted homosexuals leading, quiet, normal albeit circumspect lives. There has been no reason. We don't need psychiatric care nor do we become victims of their archaic legal system. Further more an hostile society has forced us underground, so to speak.

Fortunately in this second renaissance age and because of courageous individuals such as Reverend Perry we are more and more coming out in the open. In order NOT to lose this newly developed freeness it is our duty and becomes incumbent upon us to educate! I advocate example NOT protest. Although I am highly in favor of protest and positive protest in the face of flagrant discrimination such as that being evinced by the "ins" of this state. i.e." The newly aired and HIGHLY UNJUST welfare laws.

Can it be that we are going to be smug, ovine and apathetic about all of this? If so i'm going to corner the market on Black Candles!

And speaking of smug, ovine and apathetic! I had planned on this column being a forum, opinion type column, with your letters providing the food for thought! All I ever find in my mail box is dust. Kevin, refuses to dust it for me and dusting is not my dish of tea. You couldn't possibly agree with my every thought. If so you are stupid (wich I doubt) or I am a brilliant writer (which I strongly doubt). If you are apathetic or lazy, you deserve discrimination and an hostile society!

FRIENDSHIP INTERNATIONAL

Friendship International founded in May, 1968 is a unique organization. It is a non-profit, non-political organization dedicated to the entire citizenry of the homophile community and its sole purpose is to bring people together to form one homogeneous group for fun, entertainment and relaxation.

Rev. Troy D. Perry was one of the first members. He was made an honorary member way back in the days when Metropolitan Community Church held services in Huntington Park. Friendship International has been inactive for a while, but now it is resuming its activities full swing and welcomes new members to come together and be one big happy family. Soon they will have their own club house where a member can participate in various social activities any day of the week. Chartered one day and weekend trips are also activities to look forward to, in addition to dances and shows. Branch clubs in other cities are also planned.

Friendship International is now a division of THEATRE VII ENTERPRISES and maintains offices in room 300, 373 N. Western Avenue, Los Angeles, California 90004. If you think you would like to become part of this fine non-profit organization, call 466-9064 or 462-0078; drop a note in the mail, or visit our office.

Are you ready to change your life? Remember, today is the first day of the rest of your life. Don't waste it.

Homosexual Behavior

Professor Barry Dank, an active Friend of MCC, is teaching the Sociology of Homosexual Behavior at California State College, Long Beach, for the second time this Spring Semester.

This course covers various different aspects of gay life including units on coming out, homosexual marriage, the "gay liberation" movement, etc.

A number of guest lecturers will be addressing the class including Rev. Troy Perry, Rev. John Hose, Dr. Evelyn Hooker, Virginia Prince. Numerous members of MCC have participated in a number of class panel discussions - Ray Street, Pat Vestal, Lee Sharpe, Lee Spangenberg, et. al. Any persons interested in participating in future panels should call Barry at 498-4609. He particularly needs individuals to participate in a panel discussion on the sexual life of nuns and ex-nuns and persons to participate on a panel discussion on the Black homosexual.

In addition to teaching Barry has been conducting a number of research studies on gay life during the last two years. The first two reports on his research will be published shortly - "Coming Out in the Gay World" in Psychiatry, Journal for the Study of Interpersonal Processes in May and "Why Homosexuals Marry Women" which will be appearing shortly in Medical Aspects of Human Sexuality.

Professor Dank is also a member of the Gender Identity Research and Treatment Clinic of UCLA and a member of the recently formed National Scientific Advisory Committee on Homosexuality.

FROM THE PASTOR'S OFFICE

Before leaving for New York City on Wednesday evening, Reverend Perry was the guest speaker at Cal. State L.A. twice on the same day. He arrived in New York early Thursday morning and he had quite a heavy itinerary. However he does plan to be back with us this Tuesday and he will be with us in church next Sunday.

On March 24th Reverend Perry will be going to New York again to attend the National Council on Religion and the Homosexual. Before he returns to L.A. on Saturday, March 27th, he'll be stopping in Chicago to visit Rev. Arthur Green and our Chicago church.

On April 1st, Reverend Perry will again be speaking at Every Woman's Village in Van Nuys, and on Saturday April 3rd, he'll be speaking at Cal. State Fullerton. On Easter Sunday, in the evening Reverend Perry will be preaching at our Costa Mesa Mission.

YOUR SOCIAL DIRECTOR

As your Social Director I want to let you know what plans are coming from the Social Committee.

As you know our Social Hall is far from being renovated. The Kitchen is something else. All costs for repairs must come from my committee, and to offset this, I have asked my committee to plan functions to raise this money. I want to have a brunch each week following our church services. I will make each and every brunch interesting and different. You will not be able to have a better lunch anywhere in Los Angeles. These brunches will begin within two weeks.

I am working on the reorganization of the Social Committee. I want it more responsive to the congregation without your support, there is no Social functions.

On March 20th is our first dance. It will be of a western flavor. I want to make each and every dance as much fun as possible, so plan to attend.

The date for the May Festival has not been set. The date will be firmly set at the next Board meeting. I promise you that our May Festival will top any dance given so far in Los Angeles. Rules for the May Festival Queen are being worked on so you Ladies work on your gowns and enter.

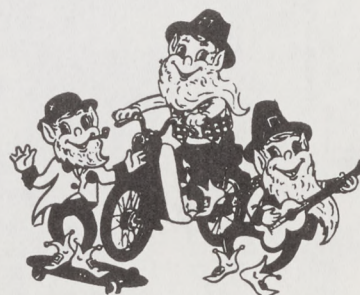

I will publish a financial report once a month to let you know exactly what my committee is doing with the proceeds from our functions. This has never been done before, and I am happy to keep you informed of my activities.

I hope that many of you will join with me in providing our congregation with a Christian Social life. It will be work for you but it will be fun. I will be writing more on my committee next week.

St. Patrick's Day

Observances and festivities honor the patron saint of Ireland. Shamrocks are part of the day's traditions since St. Patrick used their three leaves to explain the Trinity.

ALCOHOLICS TOGETHER

Alcoholics together was formed to help the Homosexual with a drinking problem, who through fear of rejection, could not approach Alcoholics Anonymous. Strangely enough about ninety eight percent of our members already belong to AA but find our two groups a great deal more satisfactory for their needs, along with regular AA meetings. In this writers opinion this is because we LET IT ALL HANG OUT. I got sober in regular AA meetings in May of 1950 and have not had a drink up to today. However, I am sure that it would have been easier had there been AT to get started in. My obsession to drink left me completely sometime during my first year of sobriety but AA remains a way of life for me and my SOBRIETY is a matter of life or death. I joined AT in February of 1970 and I thank God for it.

The two AT groups mentioned earlier are:

Tuesday night 8:30 PM
Shoreham Hotel, 666 Coronadolet, 1/2 block below Wilshire near Westlake.

For male homosexual alcoholics ONLY.

Friday night 8:30 PM
7046 Hollywood Blvd., room 407 Corner of Sycamore
For male and Female homosexual alcoholics (interested homosexual non-alcoholics welcome)

Call 662-7373 - Ask for Alcoholics together.

Lets qualify the "for alcoholics bit". You do not have

to be an admitted alcoholic. All that we ask is that you feel that you are drinking too much, may have a problem and have a desire to do something about it. The two groups are participation and discussion but you DO NOT have to say anything and will not be put on the spot. You will be COMFORTABLE. Please try us if you are having trouble with booze. We need you and care about you, and if you have experienced any of the desperation that we X-drunks went through, you need us. You will recognize the fact that you are among a bunch of miracles that have found a way when every path was closed.

AT is not allied with MCC but it was started in the MCC Parsonage by Al Black and many of us attend the Church.

The following is from Alcoholics Anonymous -

"Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism.

The only requirement for membership is a desire to stop drinking. There are no dues or fees for AA membership; we are self supporting through our own contributions. AA is not allied with any sect, denomination, politics organization or institution; does not wish to engage in any controversy, neither endorses nor opposes any causes. Our primary purpose is to stay sober and help other alcoholics to achieve sobriety."

You must have heard the great news that Frank Kameny, the first publicly acknowledged homosexual in American history to run for a major political office, is now a candidate for the post of D.C. Nonvoting Delegate to Congress! A strenuous three-week campaign, with the help of the local and out-of-town gay communities, needed a total of 7700 signatures of D.C. registered voters - 2700 more than were required to put Frank on the ballot!

The fact that homosexuals could rally around this campaign and accomplish the tremendous feat of gathering 7700 signatures on street corners, in front of grocery and drug stores in gay bars is positively exhilarating! They said it couldn't be done -- BUT WE DID IT!

Now Frank has the unparalleled opportunity to wage a forceful educational campaign about homosexual civil rights. Every day since announcing his candidacy, Kameny has received publicity on T.V., radio, and/or the newspapers. People are talking about us. And, strangely enough, we meet almost no hostility, a surprising amount of straight support, and a kind of awe at our achievement.

What does all this mean to you? Wherever you may live, this campaign is important to you, because it is being waged in the nation's capital. All our state representatives and the federal government are watching the proceedings. They will be educated by Frank Kameny's campaign and will bring their enlightened views home to your state, where you will be-

nefit from them, as you will also benefit from more rational policies of the federal government toward homosexuals.

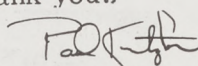

With a Ph.D. from Harvard, Frank Kameny is a nationally known homophile spokesman who has helped countless homosexuals with problems concerning government employment, security clearances, and military discharges for over ten years. With his dedication and experience, he is uniquely qualified to present the case for the homosexual to the nation. He has been elected by us, the gay community, to work for us -- and for you.

We are writing you because we need your help. Waging a campaign for a MAJOR candidate -- since Kameny is a serious contender -- is a difficult, time-consuming, expensive business. We are preparing ourselves to go out and get as many votes as possible in order to produce an impressive show of strength at the general election on March 23.

You have seen the gay community in action in getting the signatures on petitions, and we hope we have gained your confidence. Now we are trying to get the votes. We ask you to help underwrite our expenses, for your own sake and for the sake of all homosexuals.

GAY IS GOOD ... HELP MAKE GAY BETTER! Send us your support now in the form of a check or money order.

Thank you!

Ask Brother June:
P. O. Box 6305
Los Angeles, Calif. 90055

Confidential to Peter Clauss of Orange:

I agree with what you say about "up and down", "up and down", it is a bit annoying. BUT do you actually think anyone would be willing to sit in the back row and announce to the entire congregation that they have "weak bladders"? I'm sure the problem is already solved, just by moving into our new home, and so many of the small things that bothered many will not even be noticed now. Thank you for writing, and God Bless You...Brother June

Dear Brother June;

(re: Newsletter, Feb. 21st)
In response to Wayne Paul, I direct the following inquiry. I find it hard to digest that you would read and critique a column for eleven months, seeking only to find the negative and only now bringing your criticism to light. Perhaps you have been so busy picking at the bare bones that you've missed the meat of the subject Brother June has tried to convey.

May I ask what standard of evaluation is applicable to this judgement? When you speak of relevance are you generalizing that a given writer should direct his thoughts to affecting the emotions of his readers on a mass market basis? I feel, in writing, you will be subject to as many interpretations as you have readers. Each will derive something different from the context of a given reading.

For some it may be more relevant than for others. That in itself should not dismiss its significance. If the message leaves you cold, examine your heart to see if it is of the same temperature. Don't immediately call it "drivel" without first projecting to see to whom it may benefit. One positive can out-weight many negative responses, for the concern of man on an individual basis is not as diletted as trying to embrace all of mankind. I would not dismiss your criticism Wayne, I only would ask that you be more specific so that you could give the reader a opinion of what may be drivel to you in MCC-San Francisco Speaking Up...
With Love, Sincerely,
Lynn Jordan
Editor, MCC Speaking-Up
San Francisco

Dear Brother June;

I was very much disturbed by the letter in the February 21st Newsletter that put your column down as drivel. If this had come from someone outside the fold, I could have discounted it as but another example of the misunderstanding and the hostility that homosexuals oft suffer from such sources, to where we're damned if we do and damned if we don't. But coming from one of our own it "puzzles the will".

I have been reading your column regularly since first attending MCC a little over a

"The Legend of the Blarney Stone"

In the Castle of Blarney there lived a young Lord
Who wished to win love by the might of his sword
For he hadn't the manner to flatter and please
And win admiration with grandeur and ease
Then one lucky day in the Castle of old
A fairy appeared in a gown of pure gold
And with her arrival there came into view
A stone that she bid him to press his lips to —
Then just as she promised each thing that he'd say
Was always expressed in an eloquent way
And the stone's still renowned from here to Killarney
Because of the gift that it gave to Lord Blarney

year ago, and have found it most helpful in my own problems, more than once. In fact, it's always the first thing I look for, and am dissatisfied when you sometimes fail to appear. Your sensitivity and obvious love for your fellowmen, shine through it all very clearly.

MCC to me, a middle-aged man, is an oasis in a weary land. And I am sure that every homosexual no matter what his age, who enters this church is quite aware, as I am, of the hostility that continues to swirl around our heads in the world outside those doors.

God is LOVE, if you will, has to be our one great hope. Love for God and for one another, first off, and love for those who do not yet comprehend us. This is the basic message I get from MCC, and from Brother June's column, and from everyone I've met there in this year with you.

God Bless you Brother June and God Bless Brother Wayne. LOVE is all If such be but drivel, then were all in trouble, but I think not'.

Sincerely, Charles Bird
